2019 Atlanta Continuum of Care
Consolidation Form

The submission of this supplemental form is required for any agencies who are applying to consolidate currently funded projects.

Some quick notes:
- HUD created a very helpful guide on the consolidation process and all agencies considering it should be sure to review it.
- An agency can apply to consolidate up to four projects into one.
- Consolidated projects must be of the same project type and serving the same population.
- Agencies must consult the local field office prior to ensure that the projects are appropriate for consolidation.
- Separate Survey Monkey renewal applications must be submitted for the individual projects, in addition to this form.
  - The Rank and Review Committee will review, score, and rank the original projects and the new consolidated project separately.
    - If HUD accepts the consolidated project, the individual ones will be removed from the CoC priority list.
- While an agency does not have to submit a separate project Survey Monkey application for the consolidated project (this form will suffice), they must submit an e-snaps application for the new consolidated project (in addition to the individual e-snaps renewal applications).

This form is due August 5, 2019, at 12noon. Failure to submit it may exclude projects from being considered for consolidation.

You can either insert your responses into this document or create a new one. If you create a new document, please be sure to number your responses.

Please submit responses to these questions to Amy Zaremba (amzaremba@atlantaga.gov/azaremba@partnersforhome.org) by Monday, August 5, 12noon.

1. Organization Name:

2. Please list the exact HUD project names and grant numbers for all grants to be included in this consolidation request.

3. Has the local HUD Field Office approved this consolidation request?

4. Did they raise any concerns, and if so, what were they and how will they be addressed?
