

Atlanta Continuum of Care

Introduction

Partners for HOME (“PfH”), on behalf of the Atlanta Continuum of Care (CoC), releases this grant application for a direct service provider to provide permanent supportive housing (PSH) site manager and supportive services to individuals experiencing homelessness in the City of Atlanta. PfH is a nonprofit organization that serves as the Collaborative Applicant for the Atlanta Continuum of Care (CoC) — a Housing and Urban Development (HUD) program that promotes community-wide commitment to the goal of ending homelessness and provides funding for efforts by nonprofit providers and state and local governments to quickly rehouse people impacted by homelessness. Its mission is to coordinate a comprehensive crisis response system to end homelessness in the City of Atlanta. Partners for HOME does not discriminate based on race, color, religion, gender, sexual orientation, national origin, age, or disabilities in hiring practices or service provision.

Project Overview

Site Manager:

This opportunity requests an experienced, supportive housing site manager to provide general property oversight, including property management and facility maintenance. The site manager's primary duties would include tenant management: A dedicated property manager will handle all aspects of property management, including creating a safe and trauma-informed environment for all residents to thrive. The funded agency will be responsible for all activities related to lease execution, renewal, and administration, contracting security for the property, hiring tenant site manager(s) and councils to inform property management, handling tenant complaints and requests, conducting move-in and out inspections and conducting eviction processing if necessary. Additional duties include maintenance and repairs, financial management, marketing and leasing, legal compliance, community management, security and safety, technology and software management, sustainability and environmental initiatives, staff management and training, stakeholder communication, and risk management.

Supportive Services Provider:

This opportunity requests an experienced, supportive service provider to provide on-site dedicated services to the tenants. Supportive services shall include but not be limited to a 2:22 staff-to-tenant ratio that includes one licensed master's level clinician and one certified peer specialist or certified CARES (certified addiction recovery empowerment specialist) specialist, preferably with lived homelessness experience. Also, these two full-time staff members shall be dedicated to the property and provide tenant-centered supportive services and life skills support to 22+ tenants living on the property to help tenants achieve housing stability and improve their quality of life. The two staff members should be trained in trauma-informed care, and the provider should outline a clear plan for comprehensively approaching trauma care for tenants. Further, the supportive services team must offer a minimum of face-to-face engagement once per week. Services should be intensive, tenant-led, on-site wrap-around services and referrals to tenants, including but not limited to education, employment support, mental health and addiction services, life skills support, assistance with connecting to mainstream benefits, and linkage to a medical health home.

Respondents may apply for one or both funding categories or collaborate with another partner for both activities.

Anticipated Award

Agencies are requested to submit a budget proposal.
