

Rapid Housing Initiative- Lofts at Twenty 25 Q&A

1. **Q:** We are interested in applying, but have a question about the staffing. The Rapid Housing Initiative Site Manager and Supportive Services Outcome and Duties Guide and the application have different information on the service staff requirements. Please help us clarify.
A: The guide is older and is from a previous training. The correct number of staff is in the application (14).
2. **Q:** The application also states that 7 staff must be licensed masters level clinicians. Is that accurate? I ask because a masters level staff salary would be \$55k but a licensed person would be \$75k+.
A: Someone with a master's degree and experience will work for this role.
