

Rapid Housing Initiative – Waterworks Medical and Mental Health Q&A

1. **Q:** There was mention of a sustainability plan but no clear section in the application to outline our plan. What section would you like applicants to add the sustainability plan?
A: This does not have to be explicitly stated in the application. It served as a reminder for the team when considering applying for this grant.

2. **Q:** When partnering with another agency, should I include both organizations' information for question 1 Organization and Contact Information or should I attach a separate letter stating the partnership? There's no additional space to input both organizations. The partnering agency will have more experience and will be assisting
A: Partner agency information isn't required for this application. However, you can incorporate information about the partnership into your application responses.
