NAVIGATING THE SYSTEM

DETERMINE YOUR NEEDS

Are you currently sleeping in a place not meant for human habitation (outside, in a car, in an abandoned building, etc.)

YES

EMERGENCY SHELTER

Are you or your family interested in emergency shelter?

YES

Review the following pages for information on documents to have on hand and emergency shelters to contact for intake hours/ vacancies.

NO

Dial 311 or visit one of the Coordinated Entry access points listed on page 7.

COORDINATED ENTRY PROCESS

Each individual will complete a 30-60 minute assessment, answering questions about your homelessness history and other vulnerabilities. You will then be placed on the housing waitlist.

DISCLAIMER: Housing referrals depend on eligibility and available housing. The process can take 3 to 12 months; it is not an immediate solution.

NO

OTHER HOUSING

Are you or your family staying with a friend or family; on the couch or only temporary?

YES

Dial 311 or visit one of the Coordinated Entry Access points listed on the next page or visit the Housing Help Center.

HOUSING HELP CENTER PROCESS

Visit the Housing Help Center at housinghelpcenter.com to complete an intake form or 404-465-1829.

DISCLAIMER: The Center, part of the Mayor's office, supports people who are not homeless yet, but are at risk of becoming homeless soon.

SYSTEM OPERATION

Wait times may occur regardless of the option discussed. Remember, these processes take time, but there's a system in place to assist you.

COORDINATED ENTRY

What is it?

Coordinated Entry is a streamlined process that assesses households using an objective tool that identifies vulnerability and barriers to housing. This system helps youth to access necessary housing and supportive services as efficiently as possible. This approach is particularly important for homeless youth, as it helps prioritize those with the most urgent and allocate resources effectively.

How can it help?

For homeless youth in Atlanta, the Coordinated Entry system is the main process used to connect youth experiencing homelessness with housing and support services. Instead of contacting multiple organizations, youth complete one assessment to help determine which housing and service options best match their needs.

Coordinated Entry Access Points

For homeless youth in Atlanta, the following locations provide Coordinated Entry assessments and various services to help access housing and supportive resources. Hours may vary, contact each location for best intake hours.
